

HAIR BOTOX

XBTX OKRA MASSA

Promotes moisture and reduces volume.
Provides flexibility and body.

Modern treatment with **Argan** and **Macadamia oils**. The active ingredient is **Okra extract**, its particles can firmly adhere to the surface of the hair, seal the cuticles and reduce the fluffiness. The composition aims to effectively restore the hair structure and protect the cuticle from aggressive external influences. Perfect for blonds or red tones of the hair.

MACADAMIA OIL

OKRA

ARGAN OIL

STEP BY STEP APPLICATION

- 1** Wash the hair with a clarifying shampoo **Felps**. Dry the hair up to **90%**.
- 2** Using a tint brush and comb, apply product 0.5 cm from the scalp area all the way up.
- 3** Leave on for **30-35 minutes** depending on hair type. Rinse thoroughly to remove all the product.
- 4** Dry the hair 100%.
- 5** Take small section of hair and flat iron **REALLY SLOWLY**. Follow instructions for temperature regime and number of repetitions.
