

# HAIR BOTOX TREATMENT

## H-BRUSH

*Eliminates frizz, hydrates, rejuvenates.*

An innovative system, which has high regeneration power; it treats and provides the perfect filling of the cortex, which has lost mass through chemical processes. It contains: **keratin**, which strengthens and restores the natural elasticity of hair; **green tea** - a powerful antioxidant that repairs the damages caused during daily use; **pracaxi oil** and **n-acetyl cysteine**, which deeply moisturizes the hair, providing stronger aligned shiny hair and eliminates frizz. **1 L.= 25 applications.**

KERATIN OIL

GREEN TEA

PRACAXI OIL

## INTENSIVE CAPILLARY RECONSTRUCTION TREATMENT.

### STEP BY STEP APPLICATION

- 1** Wash the hair with the Clarifying shampoo **H-Brush (STEP 1)**, massage in the roots and on the hair length (3-5 minutes) to open the cuticles. Rinse well, do not leave any residue of the product. Repeat if necessary.
- 2** Dry **70%** (damaged, bleached hair) and **100%** (virgin hair or not really damaged).
- 3** Apply the **Intensive Reconstructive Mask (STEP 2)** evenly over the full extent of the strands (leave 0.5 cm from the roots). Remove excess of the product.
- 4** Leave the product for **30-40 minutes** (use the cap for better result).
- 5** Dry the hair 100% with a warm dryer.
- 6** Blow dry completely using a vent brush.
- 7** Take small section of hair and flat iron. Follow instructions for temperature regime and number of repetitions.

**The client can go home and wash the hair within 12-24 hrs without shampoo (1st time only). Blow-dry as desired with heat.**
